EMPTY HOME TAX

Residential property owners are required to make a property status declaration each year, to determine whether their property will be subject to the Empty Homes Tax. Even if you live in your home, you must make a declaration every year. This is the city tax.

SPECULATION AND VACANCY TAX

This annual tax is based on how owners use residential properties in major urban areas. You must make a declaration every year. This is a provincial tax and applies to all homeowners.

THE LAND-OWNER TRANSPARENCY ACT (LOTA)

The Land-owner Transparency Act (LOTA) came into effect in November 2020 and applies to **all** real property in BC. As a property owner this new Act applies to you, with special requirements if you own your property through a company or if you are acting on behalf of a 'beneficial owner'.

The Act requires property owners to provide identifying information about themselves and interest holders; for the purpose of establishing a publicly accessible registry of beneficial ownership of real property in BC. There are special requirements for 'Reporting bodies' (corporations, trusts and partnerships that own real property) and 'Interest holders' (who have a degree of control over real estate holdings). There are significant penalties for non-compliance.

We are encouraging our Owners to seek qualified legal advice to determine how and when the Act will apply to you.

REPAIRS AND FALL/WINTER

Fall and winter are generally the time when repairs are the greatest. Landlords on behalf of the Owner must perform any maintenance work that is necessary for keeping the rental unit livable for the tenant. The Owner is also legally responsible for repairing any defects. According to section 32(1) of the Residential Tenancy Act (RTA) rental properties must comply with health, safety, and housing standards required by law. Landlords/Owners are generally responsible for the following repair and maintenance issues:

- Heating
- Plumbing
- Electricity
- Smoke detectors
- Fireplace inspection
- Grip-strip for outdoor stairs
- Routine yard maintenance, such as cutting grass, **clearing snow, ice melt**, in multi-unit residential complexes
- Infestations-pests such as bedbugs

EMERGENCY REPAIRS

Emergency repairs are necessary if health and safety of the building and property are at risk. This includes situations like:

- Major leaks in pipes or roof
- Damaged plumbing fixtures
- Problems with the primary heating system
- A malfunctioning electrical system
